**Read the text given below and answer the questions that follow -**

One of our most difficult problems is what we call discipline, and it is really very complex. You see, society feels that it must control or discipline the citizen, shape his mind according to certain religious, social, moral and economic patterns. Now, is discipline necessary at all? Please listen carefully, don't immediately say 'Yes' or 'No.' Most of us feel, especially when we are young, that there should be no discipline, that we should be allowed to do whatever we like and we think that is freedom. But merely to say that we should be free and so on, has very little meaning without understanding the whole problem of discipline.
